WORK EXPERIENCE

Zencraft Consultancy Pvt. Ltd.

JUNE 2024 - PRESENT

Web Designer

- Develop and deliver responsive web applications as a Frontend Developer using React.js, HTML, CSS, JavaScript, and Bootstrap, along with CMS platforms like WordPress and WooCommerce, following component-based architecture principles.
- Partner with designers to ship responsive web development solutions with mobile-first interfaces, ensuring cross-browser compatibility across Chrome, Firefox, Safari, and Edge.
- Own site reliability: conduct maintenance, enforce security standards, and optimize performance for fast load times and uptime.
- Resolve client issues and execute real-time design updates as the primary technical point of contact, integrating third-party services and REST APIs where required.
- Built and deployed 6+ web applications using React.js, Bootstrap, and Tailwind CSS with Git/GitHub version control, all live in production, leveraging reusable component-based architecture for scalability.
